

Neighbor To Nation works to create and support relationships between donors and volunteers and a broad spectrum of faith-based, human service and medical research charities through employee involvement campaigns. Our charities are committed to eliminating hunger, providing vital disaster relief, improving treatment and finding cures for major illnesses, supporting economic

development and self-sufficiency programs around the world and addressing a wide range of social challenges through faith-based service.

Did you know?

Partnering with Neighbor To Nation means you are supporting:

Children, Medical Research, People with Disabilities, Disaster Relief, Education & Training, The Homeless, Elderly Services, Health Care, Hunger Relief, International Aid, and more...

Since the founding of Neighbor To Nation in 1997, millions of dollars have been directed to our member charities by thousands of employees in corporate, state, county, city, independent school district and other municipal campaigns across the country.

Employees in America who have the opportunity to give to Neighbor To Nation member charities in their workplace giving campaign are directly supporting feeding of the hungry, combining forces to find cures for the most debilitating diseases, guiding the lost in spirit, and helping the disabled live a life of full potential. These efforts, and so many more are supported by Neighbor To Nation's mission.

Want to know more about how you can help these organizations? Talk to your Employee Giving Program Coordinator and ask for a catalog, or check out the Employee Giving Program website at www.metrokc.gov/giving. Remember, Giving Works!

Neighbor To Nation represents national and international charitable organizations in workplace giving campaigns. Our members provide a wide range of services and programs that support many kinds of human needs. In the caring hands of our charities, the funds are hard at work building and strengthening the lives of men, women, and children in crisis.
